

ABRUPT ENDING TO ARGUMENT IN RIOT TRIAL AT MARION

Counsel for Defense Waives Right to Address the Jury

(By The Associated Press)
MARION, Ill., Jan. 17.—All argument at the trial of five men charged with the murder of Howard Hoffman, one of the victims of the Herrin riots, was ended suddenly today when A. W. Kerr, chief defense counsel, announced that the defense waived its right to address the jury.

The unexpected announcement was made before a crowded court room at the opening of the afternoon session and Judge Hartwell immediately ordered an adjournment until 10 o'clock tomorrow morning to permit him to prepare his instructions to the jury. Under the Illinois law attorneys for the defense and prosecution alternate in making the final arguments to the jury. The prosecution is entitled to make the opening and closing address.

Yesterday when the state rested the defense offered to submit the case to the jury at once without further argument or instructions. The offer was refused by the prosecution and Otis Glenn, assistant attorney general, told the court this morning that the state desired six hours for argument. Edward J. Brundage, attorney general, arrived from Chicago on the morning train with the intention of making a brief statement during the argument on the necessity for law enforcement.

Mr. Kerr refused to make any agreement regarding the length of argument.

The morning session was taken up with the argument of Delos duty, state's attorney, who discussed the evidence, explained the application of the statute on murder by conspiracy to the present case, declared that the state had proved all of the defendants guilty beyond the shadow of a reasonable doubt. In closing he declared:

"Swift and retributive justice should fall on these defendants and it is up to you to see that it does. The words of the scripture 'choose ye which ye shall serve,' and I pray you will choose right."

Statements by Attorneys.

When Mr. Duty finished, Mr. Kerr made his announcement regarding the waiving by the defense of its right to argument on the part of the state. Later Mr. Kerr issued at statement in which he declared that no further argument is necessary to prove the complete innocence of all the defendants.

Before departing for Chicago tonight Attorney General Brundage declared that the case had been one of the most difficult to prepare he had ever encountered because of the unwillingness of witnesses to testify. He said that the case had been handled as well as was humanly possible.

"Despite the intimidation of witnesses and the environment the state presented every particle of its testimony and did it wonderfully well," he added.

Other cases growing out of the riots will be brought to trial as early as possible.

"The state believes it has made a convincing and conclusive case, showing beyond peradventure the guilt of each of the defendants," a formal statement issued by Mr. Duty and C. W. Miediekauft and Otis Glenn, assistant attorney generals, asserted. "The evidence has been direct and positive. None of the defendants have taken the stand in their own behalf. The defense has rested absolutely upon alibis made up almost exclusively from the testimony of miners which has been so uniform in its character as to be classed readily as standardized testimony."

GOVERNOR SMITH PARDONS LARKIN IRISH AGITATOR

Had Served Two Years on Criminal Anarchy Charge

(By The Associated Press)
ALBANY, N. Y., Jan. 17.—James J. Larkin, the Irish agitator who has served two years of a five year prison term after conviction on a criminal anarchy charge, was pardoned by Governor Smith today.

The governor's action was a sequel to a hearing he gave January 9, when a delegation of Larkin's friends, including Mrs. Muriel MacSwiney, widow of the former lord mayor of Cork, pleaded for clemency.

In announcing his decision Governor Smith explained that the statute upon which Larkin was convicted defined criminal anarchy as the doctrine "that organized government should be overthrown by force or violence or by unlawful means."

Larkin, he said, joined in issuing the manifesto of the left wing of the Socialist party, which counseled a dictatorship of the proletariat, this change to be accomplished by strikes called to effective political action by the electorate.

"The court of appeals," said the governor, "has decided that the issuance of this manifesto constituted a violation of the statute, x x x I find that two of the judges dissented from the judgment in an opinion strongly maintaining that Larkin was unjustly convicted in that he was not advocating anarchy (which is the absence of all organized government) but merely a new and radically different form of organized government, x x x Larkin's prison record has been good and the application for his release has the approval of many highly respected citizens, including that of the assistant attorney who conducted the prosecution."

"Moreover, there is no evidence that Larkin ever endeavored to incite any specific act of violence or lawlessness."

EASY TO BECOME MILLIONAIRE IN GERMAN MARKS

Fifty Dollars in United States Money Would Do the Trick

(By The Associated Press)
NEW YORK, Jan. 17.—It took just \$50 in United States money to become a millionaire in German marks. Theoretically the American dollar could buy 24,000 marks in the foreign exchange market but practically little or no business was transacted in less than million share lots. At pre-war prices 20,000 German marks would have been worth \$4,760.

Today's quotations for the mark, which was technically given as .005 cents represents an extreme low record and compared with .01395 cents on the first of the year, .08 cents last September and last year's high of .6025 cents. The pre-war price of the mark was 23.8 cents each.

Local bankers report that little German commercial business is being transacted in marks. German exporting and importing firms having adopted foreign currencies as a medium of exchange months ago. Sterling, Swiss francs and Scandinavian exchanges are used almost entirely at present. Transactions in marks now largely represent old obligations and maturities payable in that currency.

Speculation has been light in recent weeks.

International bankers declared that it is a waste of energy to attempt to predict what will happen to the mark. Until the German government takes some action to balance its budget and stop the inflation of marks, circulation of which now has passed the trillion mark, international financiers announce prophecies are valueless.

AMERICAN TROOPS PREPARING TO LEAVE

(By The Associated Press)
COBLENZ, Jan. 17.—The A. P.—With Antwerp definitely fixed as the port of departure about January 25 for the eighth infantry and several detached men, the task of moving the American population continues day and night both for officers and soldiers and their families. They are packing and repacking, buying civilian clothes and shoes, giving and receiving farewell parties as well as marrying.

While the 80th Infantry will sail by the St. Mihiel, many of the other detachments, especially the officers, will take United States line ships early in February.

CHICAGO MAN GRANTED DIVORCE
Chicago, Jan. 17.—Chester H. Morehead, 20, son of a prominent Chicago surgeon today was granted an annulment of his marriage to Constantine Campbell Bennett, daughter of Richard Bennett, actor, on the ground that both were under legal age when they were married June 11, 1921. They eloped from New York City to Greenwich, Conn.

REQUISITIONING OF MINES HELD UP FOR THE PRESENT

French Take Coal Already Mined and Brought to Surface

(By The Associated Press)
ESSEN, Jan. 17.—The French economic mission has decided to content itself for the time being with the requisitioning of coal already mined and brought to the surface, diverting to France the cars loaded and destined for the interior of Germany and postponing for the present the idea of requisitioning the mines.

This decision was reached at a meeting of the economic mission at which General Simon presided and which lasted many hours. The meeting was called after advice had been received from Paris that the word "confiscation" mentioned in the French papers was creating a bad impression abroad especially in the United States and England.

The realization that the French technical services in the Ruhr were totally inadequate to direct a task of such magnitude also was responsible in a measure for alteration of the French plans.

The French policy in the Ruhr is veering toward milder methods. It also is shown by the announcement by the French general headquarters at midnight that "the defaulting magnates" would not be arrested but would be simply summoned and tried before court martial leaving these courts to deal with them as they deemed fit. Application of the Tard plan for collecting customs which was presented at the Paris conference by M. Poincare also would be enforced between now and January 31. It developed during the evening that the friction existed between the French economic civilian mission and the occupying military authorities which was responsible for orders and counter orders, the vacillating policy involving first the stern and then conciliatory measures obtaining in the past few days.

The economic mission realizes that preparations are inadequate for the French to take complete charge of the Ruhr mines without the assistance of German technical organizations and is desirous of gaining time without the wish to resort to the requisitioning of the mines until there is no other way out.

The French economic mission places little credence in the reports from London that Hugo Stinnes has obtained large orders in England for the export of coal to Germany, and expect that the Ruhr coal shipments from the Ruhr will come to terms inside of three weeks. The German magnates at Duesseldorf today decided to continue to ignore the French orders, being satisfied that the French would be unable to obtain practical forces for the mining operations.

LIEUT. FOX KILLED IN PLANE CRASH

(By The Associated Press)
CHICAGO, Jan. 17.—First Lieutenant Russell Fox, Chanute Field, Rantoul, Ill., was instantly killed and Sergeant Dozey Ball slightly injured today when their airplane crashed into a tree at Port Sheridan.

Lieutenant Fox was taking off from the rifle range when the accident occurred. As the plane left the ground a gust of wind caused it to sideswipe into the hangar. In dodging the building the lieutenant lost control and the plane struck a tree falling nose first to the ground.

Lieutenant Fox was dead when spectators reached him. Army records here do not show Lieutenant Fox's home address. He was appointed from New York.

OPERATIONS HAVE BEEN COMPLETED

(By The Associated Press)
DUESSELDORF, Jan. 17.—The plan of military operations for the occupation of the Ruhr valley as prepared by Marshal Foch and executed by General DeGoutle has been carried out, it was officially announced at the French headquarters this afternoon. The French troops in the Ruhr now number nearly 100,000 and the military authorities are prepared to take charge of every mine in the valley tomorrow as a protection for the French economic mission which has undertaken to operate the mines with German labor.

Will Now Establish Identity of Kidnapers

(By The Associated Press)
BASTROP, La., Jan. 17.—A. V. Coco, state's attorney general, announced tonight he would begin tomorrow the task of establishing the identity of members of the black hooded band responsible for the kidnaping of Watt Daniel and Thomas Richard, whose decapitated and mutilated bodies were found floating on the surface of Lake Lafourche three weeks ago.

Mr. Coco made this announcement after the conclusion of today's session of the open hearing inquiry undertaken to ferret out the slayers of Daniel and Richard and perpetrators of other masked band depredations in Morehouse Parish.

Threatening letters and the statement of William Higginbotham, farmer, that Dr. B. M. McKoin, former mayor of Mer Rouge had learned of an alleged plot to kill him, formed the basis of today's testimony.

Higginbotham explained the presence of "Newt" Gray at his home the night Daniel and Richard were taken prisoner by a black hooded mob and declared he was at the Higginbotham farm in the role of protector because of a letter received earlier in the day warning Higginbotham to "tend to your own business."

Letter Placed in Record
The letter signed "Not Your Friend" was placed in the record.

Gray was on the stand at the opening of the day's session but was temporarily excused to consult with his attorneys when the question was raised as to whether he could be forced to testify in view of a newspaper publication which his counsel interpreted to indicate he would be made defendant in criminal proceedings. The letter signed "Not Your Friend," read:

"Why don't you tend to your own business? It is no matter to you about our negro women or making whiskey. We intend to do as we please and your bunch can't stop us. We know you and we are going to stop you. Take this for what it is worth and get close together. You can guess the rest."

"Who did you have in mind as to the writer of the letter?" Higginbotham was asked.

"I think it was those fellows around Mer Rouge, Watt Daniel and William Braddock had the reputation of being whiskey makers and sellers. And also James Noseworthy, but Noseworthy had said he had quit making it."

The witness could give no further information as to any suspicion he might have. Dr. McKoin, Higginbotham told him, he had heard Leon Daniel, brother of Watt, said the latter had planned to kill him. An attempt to assassinate McKoin, now charged in an affidavit with murder, is alleged to have been made preceding the disappearance of Daniel and Richard. Higginbotham declared himself a member of the parish branch of the Ku Klux Klan and brought it out it was his understanding that black hood and robes were part of the Klan regalia. He asserted he did not have the black disguise. Higginbotham told of the helpup on the Mer Rouge-Bastrop highway when the two men were kidnaped August 24 but like other witnesses could not name any of the black hooded men who took part.

BONUS APPEAL IS FILED WEDNESDAY

Springfield, Ill., Jan. 17.—The appeal in the Illinois soldier bonus case was filed in the state supreme court today by Attorney Noah Bauman representing plaintiffs in the three friendly injunction proceedings.

The injunction bill was dismissed for want of equity by Judge E. S. Smith in the Sanborn county circuit court Monday night. The attorneys will ask the court to hear arguments at the February term which opens February 6.

BRITISH TO MAKE PERSONAL REPORT ON DEBT PARLEY

To Suspend Negotiations Temporarily After Today

(By The Associated Press)
WASHINGTON, Jan. 17.—Negotiations between the American and British debt commissions concerning the refunding of Great Britain's war debt to the United States have reached a stage regarded as making desirable a personal report by the British to the cabinet at home before the continuation of efforts to reach even tentative agreement on terms.

The conversations will be suspended after tomorrow and the British will sail on Saturday. The time and manner of the resumption of the negotiations then will rest with the London government.

In British and American circles today it was emphasized that there would be only a suspension of the negotiations; that a settlement of the debt would be reached. Both sides also were agreed that a speedy adjustment was desirable.

Whether an agreement in principle will come in time for formal action on it by congress at the present session which has only six weeks to run, cannot now be forecast. The Americans are extremely hopeful that it will for otherwise the agreement could not become effective in less than a year.

Just how far apart the commissions are at this time neither side will say, but in American quarters it was declared that the difference in views was not great. The interest rate constitutes the chief point of debate with the time the debt is to run and the minimum annual payments to which Great Britain is to bind herself lesser elements in the question.

Both commissions find themselves in much the same position as regards the requirement of governmental sanction of any terms reached.

MURDERED TO GET MONEY TO PAY HIS BONDSMAN—TO HANG

James Smith Sentenced to Pay Penalty February 23

(By The Associated Press)
CHICAGO, Jan. 17.—James Smith, who entered a plea of guilty to a charge of murder in a holdup in which he attempted to raise \$500 to pay his bondsman and thereby release his mother's house which had been scheduled to secure his bond today, was sentenced to be hanged on February 23.

Sentence was pronounced by Judge Kavanaugh in criminal court who also sentenced Smith's brother-in-law, James Butler to life imprisonment.

Smith shot Frank O'Connell a cigar store clerk and Butler was with him at the time. Calling attention to the fact that Butler had a heroic war record the judge added:

"Butler has forfeited his life by crime. Because he once offered his life for his country, his country will now return it to him."

IMPORTANT TESTIMONY IN FLOGGING CASES

(By The Associated Press)
HOUSTON, Texas, Jan. 17.—Important testimony in the Goose Creek flogging case is believed to have been presented to the county grand jury today. The majority of developments in the case came inside the jury room and only an inkling of what was going on leaked out. Sheriff Binford, Little Bonnie Lee Harrison, daughter of the woman victim of the floggers, and R. A. Armand, the man victim, were seen to enter the jury room where each remained for some time. Bonnie Lee identified Claude C. Buckley, arrested Tuesday as one of the members of the masked party that took her mother from her home on the night of January 5. She was positive in her identification. She said he was dressed in work clothes and had a bandana handkerchief tied around his face.

Buckley denied all knowledge of the affair. He will appear before the grand jury tomorrow.

SENATOR SEARCY TO VISIT INSTITUTIONS

Senator Earl B. Searcy is coming to Jacksonville today to visit the three state institutions located here. Senator Searcy is a member of the appropriations committee of the general assembly. This is not an official visit but the senator is to come in order that he may have some first hand knowledge concerning the institutions when their affairs are presented before the committee.

EXPECT WATERWAY DEVELOPMENTS

Chicago, Jan. 17.—Former Governor Henry J. Allen of Kansas speaking today before the Chicago Y. M. C. A., said he expected important developments soon in the proposed St. Lawrence waterway.

"Reliable information from Canadian sources," said he, "has it that the Canadian government will accept President Harding's invitation for a conference on the plan for proceeding with the waterway."

REPORTERS FOR NEW YORK PAPERS VISIT RUM FLEET

Went to Verify Associated Press Stories and Did It

NEW YORK, Jan. 17.—Reporters and photographers of four New York morning newspapers put out in a specially chartered tug today and toured the rim of the three mile limit of the New Jersey coast to see if the fleet of rum ships described in recent Associated Press reports was still there. It was.

In a single line, the ships of the fleet rode from a point reckoned to be three miles north of Sandy Hook, to another due east of Sandy Hook and from 12 to 15 miles to sea. Reporters disagreed as to the number of the craft, but of the scores of ships found at anchor, the decks of at least fourteen were piled with whiskey cases. The World reporter declared he saw 100 vessels which he believed to be rum runners, although the party did not have time to visit them all.

John D. Appleby, zone chief in charge of the "dry navy" operated by the prohibition enforcement authorities had announced a few hours before the newspapers published their front page stories on the fleet, that his observers at Highlands, N. J., (scene of last week's prolific rum landings) reported there were no rum runners in the vicinity. He said he had word that eight or ten vessels were on their way with rum cargoes from the Bahamas, and that his men were ready for them.

A coast guard cutter had been sent out by the customs department this morning to warn the rum ships already present, against further violations of "traffic laws" by which it had been charged, they were endangering the safety of vessels seeking entrance to New York harbor. All the reports were inclined to wit support of the prohibition enforcement authorities who charged that reports of wholesale smuggling of liquor into the United States by way of the Jersey and Long Island shores first carried by The Associated Press, were "pipe dreams" and "gross exaggerations."

The newspapermen declared they were offered bargains in liquors of all kinds and that the conscience of their skipper was the only thing to prevent them from bringing back a thousand or more cases had they been so inclined. They did not report sighting any dry navy boats.

HUGHES GIVES REPORT TO COMMITTEE

(By The Associated Press)
WASHINGTON, Jan. 17.—Secretary Hughes gave today to Senator Lodge of Massachusetts, chairman of the senate foreign relations committee the report requested by the committee on the activities of the unofficial American representatives with the reparations commission. Senator Lodge afterward called a committee meeting for Friday to discuss the report.

Secretary Hughes' memorandum, it was said, was brief and did not go into detail regarding the actions of the unofficial American representatives. These were said to be so adverse that it was impossible to make a brief condensation for committee purposes but it was understood that Secretary Hughes offered to afford the committee complete information on any particular phase of the unofficial delegation's work it might desire.

In his memorandum, it was said that Secretary Hughes expressed satisfaction with the work of Roland W. Boyden, the American commissioner and his staff. Secretary Hughes gave the information in response to explanations to the foreign relations committee in connection with the resolution of Senator Robinson, Democrat, Arkansas proposing appointment of official American representation on the reparations commission.

BANDIT SHOT AND CAPTURED

(By The Associated Press)
KANSAS CITY, Mo., Jan. 17.—A bandit was shot and captured tonight in an attempt to rob the mail car of eastbound Santa Fe train No. 6, between Lawrence and Holliday, Kansas. The bandit entered the mail car from the blinds, according to mail clerks and ordered them to "stick 'em up."

Chief Clerk Jud Marvin turned and fired twice, both shots taking effect.

The man was turned over to a special agent for the Santa Fe when the train arrived here and was taken to police headquarters where he gave his name as W. J. Turpin. He said he had no definite address. His wounds were not dangerous.

TWO KILLED BY AUTOS IN CHICAGO

Chicago, Jan. 27.—Two persons were killed by automobiles in Chicago today, bringing the death toll for the year to 222. In addition an aged woman was run down and left lying unconscious with a fractured skull. She is not expected to live.

SAYS STATE HOUSE EMPLOYEES BELONG TO KU KLUX KLAN

Rep. O'Grady Asks Searching Probe of Report

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 17.—A vigorous investigation into state house employees' membership in the Ku Klux Klan will be asked in a resolution being drawn by Representative Thomas J. O'Grady, he announced here late this afternoon before departing for Chicago follows the adjournment of the house today until next Tuesday morning.

Representative O'Grady has been informed that approximately 25 or 30 employees in the state house in addition to certain state officers, are members of the Ku Klux Klan. While this information is not substantiated, he believed the resolution now being drawn by him will have sufficient support to force the state job holders to make their status known where it is believed they are Klan members.

Representatives of the Ku Klux Klan, Mr. O'Grady said who have sworn their allegiance to a so-called Invisible Empire have no rights or duties to perform for the people of the State of Illinois.

For this reason he believed their positions should be disclosed to the people of the state.

A resolution regarding the Klan will probably be presented in the house next week. It is estimated inasmuch as two bills referring to the Ku Klux Klan have already been offered to the house for action. The first bill came from Representative Adelbert Turner, of Chicago, and the second from Representative O'Grady in today's session. Both were described by members as stringent measures with greater stress and limitation being embodied within the O'Grady bill as it listed charges upon which person might be held.

The new house rules which were taken from sections 37 and 39 of the recently proposed state constitution and incorporated in the rules, were adopted after controversial and partisan discussion by Lee O'Neill Brown, Ottawa, Representative Devine, Dixon, and Former Speaker Dahlberg. The effort of Mr. Brown to have the rules changed was defeated by the motion of Mr. Dahlberg who asked that they be accepted. The house concurred unanimously.

Measures to be introduced during the coming week include a bill by Norman G. Flagg, Moro, to amend the law which requires counties, when they reach a population of 125,000 to elect a county board of review and five assessors. The law, when enacted, applied only to Cook county. Since that time other counties of the state have reached that figure and Mr. Flagg seeks to exempt the counties now reaching that figure.

An appropriation bill for the state's attorney general's office asking for \$1,037,240 for maintenance and work of the office was presented by Carl Muller, who was recently named chairman of the contingent expense committee.

A total of nine bills was introduced in the house session today. Among the other measures was a bill which would prohibit the carrying of firearms, except by peace officers, and would also prohibit the possession of such arms, unless registered with the county and city officers. This came from Representative O'Grady of Chicago.

Legislation which the state teachers' association will ask of the general assembly will be decided here Friday when the legislative body of that organization will meet in response to a call by Robert Moore, chairman, he said today.

Work on the organization of the committees is continuing. Speaker David E. Shanahan will return to Chicago tomorrow evening and will spend tomorrow preparing tentative personnel of various committees which have been suggested to him by house members. Until the house committees are organized action on the bills proposed since the session will be delayed.

department would make the department much more effective in fighting roof and third story fires. It is said that whenever a destructive fire occurs in the business district the insurance company representatives suggest the need of the aerial apparatus.

Appraisers have been appointed by Judge Smith in Springfield to fix the value of real estate owned by the late Mr. McCroery, whose holdings included the St. Nicholas hotel in that city, property which is later to be sold at public auction. Since a court hearing recently disclosed that the earnings of the St. Nicholas during the period of less than three years after Mr. McCroery's death were in excess of \$100,000 that property is certain to prove an alluring purchase.

Now comes the comforting assurance that the coal operators are ready to make most any concession to the miners' organization for a one year's period. The operators figure that it will take at least that much time for the government fact finding coal commission to complete its work. Until that report is made there certainly can be no advantage to the operators in engaging in a long controversy with the miners' organization.

Chief of Police Kiloran adopted a somewhat novel but successful method in tracing down one of the men implicated in the attack made on Elmer Cully. He promised the payment of the city's offered reward to one suspect in the case if he would trace down the runaway. The plan quickly brought results.

New efforts on behalf of business men to increase retail trade constantly come to attention. A store in a Michigan city has just sent out checks to all customers in the amount of 4 per cent of the purchases made during the year 1922.

With many this plan will not prove very alluring, for they will wonder if the merchant's profit was excessive.

Senator Searey is at least making a good start in looking after some of the interests of Morgan county. Today he will make an unofficial visit to the three state institutions located here. He is a member of the general assembly appropriations committee and when financial affairs relating to these institutions are talked about before the committee he wants to be in position to understand the real needs.

Local people who know Senator Searey feel confident that it will be his endeavor to keep in close touch with this county and that he will earnestly strive to give Morgan county affairs the same earnest consideration that he gives to Sangamon.

Reports presented to the customer ownership committee of the National Electric Light Association show that more than \$175,000,000 of electric light and power securities of electric utility companies were purchased by customers served by them during the year 1922. It was also reported that light and power company bonds aggregating \$600,000,000 were also sold. This new capital went into construction work providing additional plants and service for the nation's people.

The most celebrated case of cataplexy is recorded by Hudson in "The Law of Psychic Phenomena." The Fakir of Lahore, India, at the request of Runjeet Singh, allowed himself to be buried alive in an air-tight vault for six weeks. His nostrils and ears were plugged with wax. His body was placed in a linen bag, the bag in a locked box, the box in a brick vault. Then the vault was plastered over and officially sealed.

A guard of British soldiers stood watch night and day. At the end of six weeks, the vault was opened by an official committee and the Fakir taken out and restored to consciousness.

This case was observed personally by Sir Claude Wade, head British official at the court of Loodhiana. Sir Claude vouched for it, and Hudson in his book cites it as one of a number of scientifically authenticated cases.

Purely hypnotism. Either the Fakir was self-hypnotized into a state of suspended animation or his audience was hypnotized into believing it saw something that did not occur.

A dangerous force for a curious amateur to meddle with, you'll agree.

BERTON BRALEY'S DAILY POEM
THE BEAN
By Berton Braley

THE Bean!
Say, buddy, the more I have seen,
The more do I see—and I'm putting it strong—
The bean is the thing that'll help you along.
Yes, kiddo, you tell 'em,
The old cerebrum,
Whenever you get in the strife and the tussle,
Has got it all over the bone and the muscle!
You may have the shoulders and chest of an ox,
But you're pretty sure to be shy on the rocks.
Unless you will use—well, you know what I mean—
The bean!

THE nut!
The guy who doesn't use it's a mutt,
You will not get far if you never have shown
There's anything north of your clavicle bone;
There's many a bird who has fallen down flat
Who thought that his head was for parking his hat,
And never would use it for anything more;
Then wondered why luck didn't knock at his door,
There's millions of dubs who've used everything but
The nut!

THE Bean!
Just keep it well tended and keen,
And what it with books and with knowledge worth while,
And it will repay you in bountiful style.
Your knob
Will help you to better your job,
'Twill lessen your work and 'twill help you make good,
If only you'll use it the way that you should.
It's something you need in your play and your biz,
The more that you use it the better it is,
It makes life successful and rich and serene.

SELF-HYPNOTISM (NEA)

Coué's most interesting American patient, to date, is a New Yorker, afflicted with a chronic yawn. Like all neurasthenics, he had kept close tab on himself, and when he walked into the Coué clinic he announced that on the average he yawned seven times a minute.

Coué didn't seem especially concerned about the case. He "put on his work." The patient became interested and, hence, naturally quit yawning. He sat thru the whole session without a single yawn, but relaxed into gapping as soon as he walked out.

It is probable that this unfortunate hypnotized himself into a belief that a yawn every eight seconds was inevitable.

Epidemics of interest in the psychic come about every 50 years, after the periodical great war. We're in one of these epidemics now. And it's running its usual course. The present stage is interest in self-hypnotism—autosuggestion. Prepare to read and hear a lot about hypnotism within the next year.

Maybe you do not believe in hypnotism. All right. Tell a friend that you have some pre-war hooch. Give him several drinks. Then confess, brutally, that you bought the stuff from a bootlegger and tried it on the friend to learn if it were wood alcohol.

In about 30 seconds the friend will begin to feel symptoms of wood alcohol poisoning and will rush to a doctor, in a frenzy of fear caused by self-hypnotism.

As interest in hypnotism progresses, attention will veer to cataplexy or suspended animation

MRS. NEUTZMAN DEAD IN WHITE HALL

Lone Time Resident of Greene County Was Widow of Rev. Mr. Neutzman Methodist Minister.

White Hall, Jan. 17.—Mrs. Elizabeth Neutzman, wife of the late Rev. M. Neutzman, died at 8 o'clock this morning at the age nearing 65 years. She was a native of Warsaw, Ill., and there she was married. Rev. Neutzman held Methodist pastorates at Brighton, Ellis Grove, Highland, Wrayville, Ill., and at Mt. Vernon, Cape Girardeau and other points in Missouri.

They were located at Muscatine, Iowa, where Rev. Mr. Neutzman died seventeen years ago. Mrs. Neutzman had been in failing health for two years, seriously for six months, the end being caused by a stroke of apoplexy. She has been at White Hall with her son, W. P. Neutzman, for the past twelve to fifteen years at stated periods, having permanently given up her home at Muscatine five years ago. She was a woman of marked culture and great qualities of womanhood.

The remains will be taken to Brighton Saturday afternoon, and there funeral services will be held in the Methodist church at 2 o'clock Sunday, followed by burial in the family lot at Brighton. This will give time for the arrival of the sons from a distance, who are Albert, North Dakota; Arthur, South Dakota; M. J. Nebraska; Oscar, Indiana. A daughter, Mrs. Clara Streckelmeyer, resides at Indianapolis.

DEATHS

Nichols.

Mrs. Emily Nichols, proprietress for 28 years of a grocery store at South Main street, passed away at Our Savior's hospital at 1 o'clock Wednesday afternoon. Funeral services will be held at 2:30 o'clock Sunday afternoon at the Gillham Funeral Home, in charge of Rev. M. L. Pontius, of Central Christian church. Burial will be in Diamond Grove cemetery.

Mrs. Nichols was born in England, August 26, 1857, her family name being Bacon. Over fifty years ago she came to this country. She was married to Norman Nichols here in 1888, who preceded her in death some years ago. Her residence was 427 South Main street. She was a member of Central Christian church.

Those who survive her are a son, Charles W. Nichols, and grandchildren; H. C. Bacon, brother, and Mrs. Sarah A. Goody Wisconsin, and Mrs. Frances Scott, living in England, sisters.

Brunswick Records and Orchestral Music

Recognizing the remarkable growth of orchestral music in the affections of the American people, the Brunswick Company has endeavored to present the best and latest of the representative orchestras of the land. That it has succeeded is evidenced by its exclusive recording of such famous dance ensembles as—

ORIOLE TERRACE ORCHESTRA
ISHAM JONES ORCHESTRA
JOSEPH C. SMITH AND HIS ORCHESTRA
BENNIE KRUEGER'S ORCHESTRA
ARNOLD JOHNSON'S ORCHESTRA
GENE RODERNICH'S ORCHESTRA
CARL FENTON'S ORCHESTRA

This list represents leading organizations (in their particular branch of music), and we feel that Brunswick patrons appreciate the high quality of orchestral records which they make.

Correct orchestral rendition, combined with perfect recording produce records that enhance the pleasure of the dance.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, cleansing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

J. M. LANDSDEN DIES AT HOME IN CAIRO

Prominent Southern Illinois Attorney Now Deceased Graduated From Illinois College in 1861.

A message was received by Rev. Thomas W. Smith yesterday saying that Hon. John M. Landsden, of Cairo, Illinois, died Wednesday morning. Judge Landsden had been one of the best known lawyers of southern Illinois for many years. He was born in Sangamon county in 1836 and graduated from Illinois college in 1861. He settled in Cairo, where he began the practice of law after graduating from the Albany law school. In 1867 he married Miss Etta W. Smith, daughter of David A. Smith, and thus another tie was formed between Jacksonville and Cairo. In a long and useful life Judge Landsden helped make Cairo what it is today. For years he was attorney for the Mobile and Ohio railway. He wrote a scholarly history of Cairo and Alexander county, defending it

FROM THE ASPERSIONS THAT CHARLES DICKENS HAD CAST UPON IT YEARS BEFORE IN HIS "AMERICAN NOTES," JUDGE LANDSDEN SURVIVED MRS. LANDSDEN A NUMBER OF YEARS AND IS SURVIVED BY TWO SONS, DAVID S. LANDSDEN OF CAIRO AND JOHN LANDSDEN OF NEW YORK, ALSO BY THE MISSSES EFFIE, EMMA, AND MARGARET LANDSDEN OF CAIRO AND MRS. ROBERT P. BATES OF CHICAGO. THE FUNERAL SERVICE WILL BE HELD FRIDAY AFTERNOON.

UNION BAPTIST CHURCH SOCIETY HAD MEETING

All Day Session Held Wednesday at Home of Mrs. Charles Wood. Officers Elected.

The Union Baptist church missionary society held an all day session Wednesday at the home of Mrs. Charles Wood near Pisgah. It was an all day session and was the first meeting of the new year. At noon a sumptuous dinner was served by Mrs. Wood, assisted by her daughter, Mrs. Leonard I. Wood. After dinner came the business session, presided over by the president, Mrs. Edward Bingman. The program was as follows:

Opening song, "Savior More Than Life to Me"—The company. Devotional services, led by the president, who read the 8th chapter of Romans.

Prayer—Mrs. Hattie Beckman. The minutes of the last meeting were read and approved. A report was made on the Christmas basket which was furnished a little sick boy, and the treasurer's report indicated a balance in the treasury of \$31.55. The sum of \$3.65 was added to the treasury as a result of the dinner Wednesday.

Plans were discussed for giving a program at the church in place of the next regular meeting. It was decided to give a playlet, "Thanksgiving Ann and How the Little Dollies Came to Go as Missionaries," the date to be decided upon later.

The election of officers was held and resulted as indicated below:

President—Mrs. Charles Wood. Vice president—Mrs. Hazel Wood. Secretary—Mrs. William Witham.

Assistant secretary—Mrs. William Beckman. Treasurer—Mrs. Minnie Curry.

Treasurer Aid society—Mrs. Henry Mosely. Reporter—Mrs. Hattie Beckman.

At the close of the program an interesting article relating to missionary work was read by Mrs. Hussey of Jacksonville, who was a guest of the society.

FORMER MANCHESTER MAN DIES IN WEST

George Whitney Passed Away at Home in Los Angeles Wednesday Afternoon—Other Manchester News.

Manchester, Jan. 17.—Relatives here received a message Wednesday afternoon telling of the death of George Whitney which occurred at 1:30 o'clock at his home in Los Angeles, Calif. No particulars were given as to the cause of death, and it is not known whether or not the remains will be brought here for burial.

The deceased was about sixty years of age at the time of his death and was a son of the late Mr. and Mrs. Orlando Whitney. He was born on a farm west of Manchester and spent his life in that neighborhood until a few years since, when he removed to the coast state.

In early life he was united in marriage to Miss Minnie Ray of Bloomington, who died several years later. They were the parents of three children, two daughters now resident in East St. Louis and a son living in New Mexico.

Subsequently Mr. Whitney was married to Miss Della Barnes of Manchester, who survives him. Two brothers also survive, Albert and Frank Whitney of Roodhouse.

The message telling of Mr. Whitney's death was a shock to relatives and friends here, none of whom knew of his illness.

News Notes. Dr. and Mrs. G. N. Lucas returned Monday night from a visit with relatives in Lebanon, Ind.

Mrs. Clara McGown and son Paul returned from Roodhouse Wednesday afternoon, where they were called by the death of the former's father-in-law, A. D. McGown.

Mr. and Mrs. Charles Thady were Springfield visitors Wednesday.

Rev. H. M. Ingram went to Carlinville Tuesday to attend a district meeting of the M. E. church.

Mr. and Mrs. Charles Wright are visiting the former's brother, J. P. Wright and family, Mr. and Mrs. Wright are moving from Fayette, Mo., to Jacksonville, where Mr. Wright will become manager of the LaCrosse Lumber Co.

Jacksonville Lodge No. 570, A. F. and A. M., will hold a special meeting this afternoon beginning at 4 o'clock. Work in M. M. Degree. Supper 6:30. Visiting brethren welcome.

HOME LEAGUE OFFICER VISITS LOCAL CORPS

Mrs. D. E. Dunham, Wife of Lieutenant Colonel of Salvation Army Pays Visit—Speaks at Kiwanis Today—Will Organize Home League Branch.

Mrs. D. E. Dunham, wife of Lieutenant Colonel Dunham, head of the midland division of the Salvation Army, who was in Jacksonville recently, arrived in the city Wednesday evening. Mrs. Dunham is herself secretary of the Home league of the midland division.

Mrs. Dunham will speak at Kiwanis club luncheon this noon. At 2:30 this afternoon at Salvation Army hall she will hold a meeting for women interested in the organization of a home league here.

The work of the home league, in whose interests Mrs. Dunham is primarily engaged, consists of various organized work in supplying needs of the poor, which is done partly or entirely by members in their homes. The making of new clothing and the making over of old clothing are important parts of the work.

This clothing is distributed by the Salvation Army to the needy. All women who are interested in doing handiwork for those in need will be interested in attending this meeting.

At 8 o'clock this evening Mrs. Dunham will conduct a public meeting at the hall, to which the public is cordially invited.

WESTMINSTER NOTES

The aero-plane race between the classes in the Bible school was started last Sunday. The classes are marked as to perfect attendance and increase of attendance; also as to offerings and as to attendance at church on Sunday mornings.

The Young People's choir at the Sunday morning service has adopted a simple choir robe which seems to add both to the appearance and to the singing of the young people.

The film, "The Drama of Humanity," will be given in its conclusion next Sunday evening. The conflict of Evil with Christianity will be illustrated in the modern battle between Greed and Brotherhood in the industrial world. Dr. Smith will preach upon the theme presented.

Mrs. John T. Gunn and her committee served supper on Tuesday evening to 56 members of the Hi-Y club. It was the farewell supper to Secretary

Findley. State Secretary May made a stirring address to the boys regarding Y. M. C. A. possibilities in Jacksonville.

A committee is at work preparing the supper of the Men's Brotherhood for 6:30 Friday evening, the 26th. Dr. R. V. Brokaw will address the meeting. President B. F. Shafer urges a large attendance.

The Boy Scouts will meet with Scout Master Bigelow on Saturday evening to drill, to take tests, and plan new work. Some Saturday morning hikes are proposed.

All accounts are now due, payable at our old stand. BREEDEN & DORAND

EXPERT GIVES HIS CANDID OPINION

Drug Clerk, Speaking from Own Experience, Says Tanlac Has No Superior—Troubles Gone

"Not in two years have I enjoyed such good health as I do since taking Tanlac, and I am glad to give a straight-from-the-shoulder recommendation for this medicine," declared Marvin Cohen, 1439 N. Rockwell St., Chicago, a young drug clerk.

"I suffered terribly from stomach trouble and got into a badly run-down condition. Gas formed on my stomach, attacks of indigestion kept me in misery, and headaches and pains in my back helped to pull me down. Basketball was my favorite pastime, but I got so weak and short of breath I had to give it up.

"But Tanlac has put my health on a firm foundation and there is no guesswork about it. I never have indigestion any more, can play a fast game of basketball, and just feel in fine shape. I have handled many medicines over the counter, but there's none better than Tanlac at any price."

Tanlac is for sale by all good druggists. Over 35-million bottles sold. (adv.)

YANKEES SIGN ARMY BASEBALL STAR

NEW YORK, Jan. 17. — The New York Yankees today announced they had signed Corporal George Anderson, an army star stationed with the 61st Artillery Battalion at Fortress Monroe, Virginia, and Fred Spates, former Brown university pitcher, who twirled last season in Boston semi professional ranks.

Anderson an infielder was signed on the recommendation of Charlie (Buck) Herzog, former National League star, now an athletic director in the Third Army corps area.

J. H. S. MEETS ATHENS FRIDAY

Tough Opponent Coming to David Prince Gymnasium—Game Will Be Called at 7:45 o'clock.

Friday evening Jacksonville high's basketball five will face Athens high in what probably will be the hardest game of the season.

Athens had a strong team last year and it seems even stronger this season. So far it has lost but one game and has among its victories one over Springfield high on the latter's floor.

Last year Jacksonville defeated Athens on the Athens floor by a close score. The game was exceedingly rough if we remember reports of it correctly.

Coach Mitchell's squad is not going as strong at the present time as it was a year ago. However, the feels this year seem to have the ability to come thru at the right time. The supporters of the team were not sanguine about the result of the Springfield game but when it got underway the local tossers rose to sublime heights and played Springfield off her feet.

Athens has lost but one game this year. That was to Peoria Central early in the season. The game was played on the Peoria floor. Athens plays the short pass game and judging from her record it has proven successful. Mitchell has been coaching his defense against this game and hopes to be able to stop it tomorrow night.

Jacksonville will be materially strengthened by having Hunt back in the game. Hunt looked good in the Waverly game and should continue to improve. When he is going good he will make trouble for any high school forwards in the state.

BABE RUTH SUBMITS TO SLIGHT OPERATION

New York, Jan. 17. — Babe Ruth returned today to his winter home at South Sudbury, Mass., after undergoing this morning an operation for the removal of small ulcer on his left hand. The hand is expected to heal rapidly and the Yankee slugger declared the wound would not hinder materially the training program he has followed thruout the winter.

This is "BOYS'" week at TOMLINSON'S.

Chicago, Jan. 17.—On the eve of the indoor meet between Northwestern and Chicago next Saturday, Chicago fans learned today that Jim Pyott, captain of next season's football team and a star track performer has been barred from track competition by his doctor's orders.

Pyott was counted on to win points in the sprints and the relay.

JEWTRAW MAKES CLEAN SWEEP

Plattsburg, N. Y., Jan. 17.—Charles Jewtraw of Lake Placid, made a clean sweep in the Adirondack gold cup skating championship races today winning both the 220 yard and three-quarter mile events of the opening program. Jewtraw equaled the world's eight lap track record in both the semi-final and final heats of the 220 yard event.

ILLINOIS MEETS DRURY TONIGHT

Missouri Team to Play at David Prince Gymnasium—Game Will Be Called at 7:45 o'clock.

Coach Harmon's blue and white five will clash with Drury college in David Prince gymnasium tonight. The game will be called at 7:45 and Millard of Illinois Wesleyan will be the referee.

Drury is being coached by the former director of athletics at Kureka and the team is making a trip thru this part of the state with that town as its objective. On the way it is playing a series of games with various colleges.

Tuesday night Drury played Rolla School of Mines and yesterday afternoon it played St. Louis university at St. Louis. As Illinois plays both Rolla and St. Louis U. the game tonight should be of unusual interest to followers of the blue and white tossers.

Coach Harmon's men have won both the games played and are showing steady improvement. The hard drilling in preparation for these games and the men are prepared to put up a good battle for victory tonight and Saturday night.

The team will be picked from Elder, Dale, Hiatt, Goebel, forwards; Mellon, center; Jack Roberts and Underwood probably will start at the guard positions. However, Coach Harmon has lots of available substitutes and some of them may get to show what they can do in a real game.

DELTA NUKE WON FEATURE ICE RACE

MOUNT CLEMONS, Mich., Jan. 17.—Delta Unko today won the feature of the ice harness racing in which there were nine starters in straight heats. It was the 2:15 pace. The winner set the best time, 2:16 1-2, in the first heat.

Ella R. Knight took the 2:24 trot in straight heats, the best time being 2:26 1-2. Worthy Rico was second in each heat. The H. & B. piloted by Morrison was a contender in the first heat but fell on the third turn, the driver sliding clear of the track.

Peter Johnson, the popular choice, came thru in each heat of the 2:20 trot, his best time being 2:24 1-2.

More than 2,000 persons saw today's races, setting a record for this winter's attendance.

PRESIDENT HARDING MUCH IMPROVED

WASHINGTON, Jan. 17. — President Harding, after a day confined to his room with a gripe, was declared by white house doctors tonight to be improved. He spent most of the day in bed, it was said, retired for the night before 8 o'clock.

Indications of an improvement in his condition also were seen in the fact that Brigadier General Sawyer, the president's physician, did not find it necessary to visit his patient before the latter retired.

During the day Mr. Harding slept considerably and it was hoped that the rest and the putting aside of official cares would conquer the indisposition.

AUTOMOBILE DEALERS TO DISCUSS USED CARS

Chicago.—A study of used car merchandising, the economics of used car losses, their handling from an association standpoint and their proper buying and resale pricing, will feature the annual convention of the National Automobile Dealers' association, to be held here January 22-30.

Guy S. Garber of Saginaw, Mich., L. B. Sanders of Boston and W. Pitt Barnes of Cleveland, Ill. be the principal speakers on these subjects during a "used car forum," to be conducted during the meeting.

LOW WATER STILL HEAVY BARGES

Carlo, Ill.—Low water in the Mississippi river has made it difficult to bring three heavy concrete loading barges built for the Federal Barge line, from East St. Louis to the terminal here. The Cordova and the Nokomis, two boats of the Federal line in the St. Louis-Carlo haul, are bringing the three barges here. A new terminal is nearing completion here for the increased business of the line.

MINISTER OF RAILWAY DIES

Naples, Fla., Jan. 17.—W. C. Kennedy, 54, Canadian minister of railways, who came here recently from Montreal to recuperate after an operation, died suddenly tonight of heart disease. His widow was Miss G. Bolton, daughter of George W. Bolton of Detroit.

HIGH SCHOOL BOY DROWNED

Chicago, Jan. 17.—Lewis Itcovitch, 16, student at Harrison Technical High school, was drowned in the school swimming pool today while 30 classmates swimming with him, were unaware of his death.

Washington, Jan. 17.—Postal savings systems deposits in virtually every mining and industrial center show deposits in excess of withdrawals during December a month when heavy Christmas drafts are made. Postal department officials see in this indication of satisfactory employment conditions.

ROUTT HIGH TO PLAY VIRGINIA

Local Tossers Will Tackle Old Time Foo — Game Scheduled for Friday Night at 8:30 O'clock.

Route High school is working hard preparing for the game with Virginia high which will be played in Liberty hall Friday evening. The game will start at 8:30 o'clock.

Virginia high is one of Route's oldest rivals. The teams have been meeting for many years and every battle has been bitterly contested. No matter which team is winner the game always furnished much excitement for the rooters of the respective teams.

Coach Coenen, who learned the basket game at the University of Wisconsin, has been drilling his men on the short pass which is a feature of Wisconsin's play. The squad should be in the best of condition for the game Friday night.

So far Route has had a successful season, having won three out of four games played. Two of the teams met are considered the best in this part of the state. The men are determined to keep up their good work and will carry the fight to Virginia from the first to the last whistle.

Tickets are now on sale for the game and may be procured from students or at the school. The following men are available for the Virginia game.

Gebeert, Trahey, Galtens, McKavit forwards; Murphy or Norris, center; Doyle, Mallen, Cleary and Kennedy, guards.

BASKETBALL RESULTS

Wesleyan university, 32; DeKalb, 21.

St. Viators, 18; Charleston Normal, 14.

University of Denver, 35; American School of Osteopathy (Kirksville, Mo.), 34.

YORK REINSTATED BY COMMISSIONER LANDIS

Chicago, Jan. 17.—James E. York, southpaw pitcher of the Chicago Nationals who was on the ineligible list because of failure to sign a contract for 1922, tonight was reinstated by Commissioner Landis. In making application for reinstatement York said he did not play with ineligible the past year. He probably will be sent to the Los Angeles club of the Pacific Coast league.

PETERSBURG INDEPENDENT BASKETBALL QUINSET

The Petersburg Independent basketball quintet is not afraid of the Dokays, according to a letter received by Manager Leo Sulter. The Petersburg manager offers two dates for a game, one of which is impossible. One, however, will probably be accepted by the Dokays, and the game will be played early in March.

WESLEYAN DEFEATS DEKALB TEACHERS

KANSAS U. WINS FROM WASHINGTON

St. Louis, Mo., Jan. 17.—The Kansas university five, which is leading the Missouri Valley conference basketball championship race, defeated the Washington university team, 34 to 16 tonight.

WALL OF KIRBY BUILDING FELL

The front of the third story of the Kirby building on the south side of the square, occupied by the Princess Candy Co., until the recent fire, was blown to the ground yesterday morning. The strong wind from the south was the cause of this happening. It was fortunate that no pedestrians were passing at the time, for many of the bricks were blown far out on the pavement of the square.

Police soon roped off additional space to keep the public beyond the danger line. Wires belonging to the Jacksonville Railway & Light Co. were displaced by falling brick but the damage was repaired soon afterward.

MEMBERS OF BAR TO ATTEND BUTLER FUNERAL

Members of the Morgan County Bar association met at the court house Wednesday morning with the president, Judge E. P. Brockhouse, presiding. The purpose of the session was to make arrangements with reference to the funeral of John M. Butler, which will be held this morning at 9 o'clock at the Church of Our Savior.

Members of the bar are to assemble at the home of J. P. Lippincott at 8 o'clock and then will proceed to the Butler home to serve as an escort as the cortege moves to the Church of Our Savior.

Judge Brockhouse is to appoint a committee on resolutions which will make a report at the February term of the circuit court.

STEADY DECREASE IN FRENCH BIRTHRATE

High Living Costs and Many Other Causes are Ascribed.

PARIS.—The high cost of living lack of apartments and homes for newly married couples, selfishness, too many women employed in industry, and too much pleasure are the general causes assigned for the alarming decrease of the birth rate in France, now the lowest in Europe.

This is a condition that has been accentuated by the war, which took many men to the front whence many never returned. The war also created new conditions of living for women, gave them work, made them independent and disinclined to marry readily, and less inclined to have children.

This situation is set forth at length by the National Alliance for Increasing French Population. In comparison with a hundred years ago, each French marriage brings less than two children, instead of four children, whereas England's marriage brings nearly three children instead of nearly five a hundred years ago. In Germany in 1841, the average marriage brought 4.44 children as compared to 2.2 in 1921.

The birth decrease does not result from high mortality, or relatively fewer marriages. France's population of 39,000,000 in 1922 is practically that of 1900. The number of marriages for that year was 299,000, or about the average since then, with the years following the war showing a larger number, which is now returning the average. For 1921 the number of marriages was 455,000, and for 1922 it was a little higher.

Until 1914, the number of births averaged 800,000 yearly. During several of the war years the number dropped to fewer than 400,000. The first six months of this year showed 286,726, as compared to 421,180 for the first ten months of 1922.

It is argued that if France is to hold her place in the world and send emigrants to her colonies, she must pass laws, as already proposed in Parliament, to give the voting majority to married men, reduce family taxes, and give bonuses for each child born. Already, families enjoy lower railway fares.

OLD TAYLOR HOME BURNED TO GROUND

The old home place of the late D. W. Taylor on the North Main road just across the Mauvalster creek burned to the ground about 12:30 o'clock this (Thursday) morning. The place was owned by Louis Freitag and was said to have been occupied by Daniel Medlock.

Two citizens who went to the scene of the fire said the structure was completely destroyed and there was no one about the place. The department received a call about 12:30 o'clock saying the north end pumping station "was on fire but after making the run found that the alarm was a false one."

VETERINARIANS FORM NEW ASSOCIATION

Tri-County and Sangamon County Bodies Join—Dr. A. C. Bolle Vice President of New Organization.

The local Tri-County Veterinary Medical association at a meeting with the Sangamon County Veterinary Medical association at the St. Nicholas hotel, Springfield, last evening, joined with that body, making it one of the largest veterinary associations in central Illinois. Officers elected were: Dr. E. A. Dickinson, Springfield, president; Dr. A. C. Bolle, Jacksonville, vice president; Dr. C. C. Hastings, Williamsville, secretary-treasurer.

The evening was taken up with general discussions for the welfare of the profession and the livestock industry. Farm bureaus and their work was discussed and endorsed. Live stock was reported in general good health with but a few cases of infectious diseases.

Skin Ablaze with Eczema

Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blooded cells. S. S. S. builds them by the million! You can increase your red-blooded cells to the point where it is practically impossible for eczema to

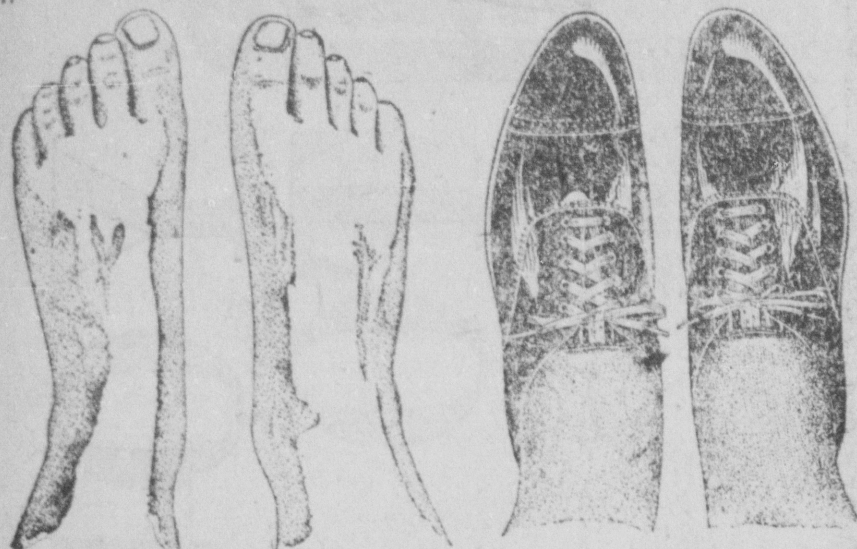

exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day, both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digesting torture and its soul-tearing, unbearable itching, pimples, blackheads and boils, they all work up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-plants of nature! S. S. S. builds them by the million! It has been doing it since 1820! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together—then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My little girl had a very bad case of eczema. She began taking S. S. S. and in a few days I think you very much. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S. S. S. makes you feel like yourself again

PLAN COMMISSION IS GIVEN INSTRUCTIONS

Marion H. West of Chicago Meets Local Planning Board and Gives Helpful Talk—Session is Informal and Well Attended By Members.

Marion Howard West, president of the American Park Builders association and city plan engineer, addressed about a dozen members of the Jacksonville City Plan Commission at the Chamber of Commerce rooms Wednesday evening. Mr. West did not arrive from Springfield until about 9 o'clock, and the commission was already assembled and engaged in an informal discussion of its future work. President C. H. Rammeckamp was in the chair.

Mr. West gave the Commission an informal talk. He began by giving a brief history of city planning. This work was begun ages ago, the along different and somewhat more special lines than at present. Mr. West referred to the work in Paris, where ornamentation was the chief aim of the planner, and to the work during the Renaissance when architecture occupied a large place.

The scientific city planning was begun in this country about fifteen years ago, and its popularity has had a rapid growth. About 350 cities have now started and are following city plans. Among the first planned cities of the country were Washington, D. C., Buffalo and Indianapolis. In these cases the planners were working with virgin land and laying out new cities. The present movement is concerned mainly with the reconstruction and rearranging of old cities.

Under the Illinois law, city councils can adopt and carry into effect almost any sort of plan desired. The zoning law of the state was recently nullified by the Supreme Court, but it is hoped to have a revision, and some cities are proceeding with this work, despite the reverse decision of the court.

Must Consider Growth.
A city plan must take into consideration the growth of a city and provide accordingly for its expansion. It has been estimated that in forty years Springfield will have a population of 105,000 at the present rate of growth, or 205,000 at the average rate of growth. Under the old system cities built themselves, and city councils paid practically no attention to planning. The temporary status of city governments makes it almost impossible for the various administrations to follow any definite plan. However, with a permanent planning commission, this difficulty is overcome.

Innumerable things came under the supervision of the commission, zoning probably being the most important. This requires an ordinance to carry its aims into effect. The city is distributed being divided into industrial, residence and business quarters. The transportation entering the city and within the city is also considered. Railways may be required to elevate their tracks, as in some Illinois cities. It has been figured that the delays incident to trains holding up street traffic costs the city and its interests millions of dollars a year. All this can be saved when the tracks are elevated.

Another portion of the plan takes up the beautifying of the city, the establishment of parks and playgrounds, etc. Oftentimes a city grows rapidly and before the citizens realize it, there is a pressing need for parks. Under the city plan space and resources for these things would be provided years ahead.

In many cases city limits are not regarded in the planning of a metropolis, but the community is taken as a unit, and the suburbs and environs of the city which are directly affected by it, become a part of the city plan.

Following Mr. West's talk there was an informal discussion, and the visitor gave the commission members much helpful advice. A committee has been detailed to make a careful study of articles and other literature available at the public library, and cull out that which is of no value to the commission. A list of all literature which may be studied by the members will be made.

JACKSONVILLE LODGE ENTERS NEW QUARTERS

Pythians of No. 152 Hold Enthusiastic Meeting Wednesday Evening at I. O. O. F., Temple With Largest Attendance in Years—Roll Call Is Planned.

Jacksonville Lodge No. 152, Knights of Pythias, held its first meeting Wednesday evening in the new quarters, the Illinois I. O. O. F. Temple on East State street. The largest attendance of members at a regular meeting in many years greeted the opening of the lodge.

A spirit of real enthusiasm pervaded the lodge room as the Knights transacted the business of the order. A number of interesting talks for the good of the order were given and many suggestions for future work were made. A plan was initiated for the holding of a roll call of the lodge in the near future. The matter of securing new members was discussed and those present showed a determination to bring in a large number of applications as soon as they can be secured.

Jacksonville Lodge No. 152 has transferred to new and attractive quarters in the Odd Fellows' Temple. On their meeting nights the members have complete use of the lodge hall, dining room, reading room, and all other accessories for entertainment, etc. In the quarters, the members of the lodge are greatly pleased with the arrangement, which will continue for several months, and perhaps permanently. The Pythians of Jacksonville Lodge are planning great things for the future.

BILL FOR SEPARATION FILED BY MRS. ZAHN

Wealthy Garage Owner's Wife Seeks Court Order for Separate Maintenance and Property Rights.

A suit for separate maintenance was filed yesterday in the office of Circuit Clerk Wamaker by Mrs. Mary Zahn, who is seeking separation and certain property rights from her husband Howard Zahn. The bill of complaint was filed by Bella H. Bellatti & Moriarty as attorneys for Mrs. Zahn. An injunction was issued by authority of Master in Chancery English to restrain the defendant from disposing of property or in any way interfering with Mrs. Zahn.

It is set forth in the bill of complaint that the marriage of the two occurred in 1900 and that their home has been maintained from that time until a date in last November.

Mrs. Zahn alleges repeated acts of cruelty on the part of her husband, and also makes a charge of infidelity against him, naming her niece, Miss Florence Trout.

According to the bill Mr. Zahn is the owner of the Zahn garage on East Morgan street, the Auto Inn on East Court street, the filling station on South Main street and a residence property at 128 Pine street.

The real estate holdings Mrs. Zahn alleges are worth \$200,000, with an indebtedness of approximately \$17,000. She also declares that her husband owns personal property to the value of \$25,000 and equipment on leased ground of a like amount. She says further that his average income during recent years has been \$20,000.

It is alleged in the bill by the complainant that she has recently been dispossessed by her husband of valuable diamond rings and a Buick coupe and further that he is indebted to her in the sum of \$12,000. The suit is to be heard at the February term of the circuit court.

HEADS KANKAKEE HOTEL COMPANY

Perry Primis of this City President of Concern Which Will Build 150 Room Modern Hotel—Structure to Include Six Store Rooms—New Hotels in Many Cities.

The Hotel World, a weekly journal published in Chicago for hotel men, in a recent issue as a frontispiece a picture of the new seven story hotel which is to be built at Kankakee this year. The D. K. Gibson Co., of Chicago are the architects for the structure.

This hotel project has interest here both because it is proposed to build a new hotel here, and from the further fact that P. Primis, of the Douglas hotel in this city is the president of the company which will build the Kankakee hotel.

W. N. Brady of Chicago is the secretary of the company. The project has already been financed. Kankakee business men subscribing liberally to the stock of the company. E. J. Howell formerly of this city, now district manager of the Bell Telephone Co., at Kankakee, is chairman of the business men's committee that had charge of the financial campaign for the hotel.

The Kankakee structure is to contain about 150 rooms and is to be seven stories high, with space on the ground floor for six store rooms and a lunch room. A dining room will be located on the second floor together with a lobby and business offices of the hotel. The mezzanine floor of the include lounge, writing room and ball room.

In the basement will be found a billiard room, barber shop, tailor shop and storage space for supplies. Seventy-five per cent of the rooms will have baths.

The building is to be of reinforced concrete with exterior of terra cotta and pressed brick. As mentioned, Mr. Primis of the Douglas hotel here is the president of the hotel company. Mr. Primis started one day this week for New York city and is to sail in the course of a few days for an European trip. However, he is expecting to return to the U. S. in the course of a very few weeks.

The Hotel World in the weekly issue mentioned contains pictures of the following new hotels which have been opened in the latter months of 1922 or will be opened in 1923: Hotel Rowe, Grand Rapids, Mich.; Hotel Chase, St. Louis, Mo.; the Biltmore, Providence, R. I.; Hotel Beaumont, Beaumont, Texas; Hotel Hanford, Mason City, Iowa; Hotel Spaulding, Michigan City, Ind.; Hotel Bethlehem, Bethlehem, Pa.; Broadview hotel, Wichita, Kan.; Lewis-Clark hotel, Lewiston, Idaho.

APPLE CREEK SCHOOL DESTROYED BY FIRE

Flames Completely Destroyed School House and Contents Late Wednesday Afternoon.

The Apple Creek school house, eight miles southeast of Murray, was completely destroyed by fire at about 5 o'clock Wednesday afternoon. The origin of the fire is a matter of conjecture, and the flames had gained such headway when discovered that it was impossible to save either the building or the equipment.

It was stated last night that no definite plans had been made for the future, but it is probable that school will be held somewhere in the neighborhood if a location can be secured. Miss Beatrice Smith is the teacher of the Apple Creek school.

MECHANICAL ENGINEERS

ADOPT CODE OF ETHICS

New York.—Adoption of a code of ethics, governing its membership of approximately 20,000, was announced today by the American Society of Mechanical Engineers.

It is expected that ultimately this code, prepared by a joint committee of the national engineering societies, will apply to the entire engineering profession, embracing more than 200,000 professional engineers.

The mechanical engineers are the first to take this step, which is regarded as making an advance in engineering ideals and, in respect to the government of its members as a whole, as placing the profession in a position analogous to the professions of law and medicine.

The code commands loyalty to country, personal honor, fairness to contractors and workers, and interest in the public welfare.

Betrayal of professional confidences undignified or misleading advertising and questionable professional associations and practices are prohibited.

MEMBERSHIP FORUM

MET WEDNESDAY

The membership forum committee of the Chamber of Commerce met yesterday afternoon at the organization headquarters to make plans for the coming membership meetings.

President J. H. Dial presided at the session. It was decided that the next meeting of the Chamber of Commerce membership will be held on Tuesday evening, January 30.

This is to be known as a "Better Jacksonville Meeting," and at this time all the problems confronting the city will be discussed together with the best ways in which these problems may be solved.

On February 26, the date set for the next membership meeting Frank J. Raymond, of Orange, N. J., known as the "Billy Sunday of the Business World," will make an address. Mr. Raymond is giving a series of lectures in Illinois and has been secured as a speaker for the February meeting of the Chamber of Commerce.

CONCERT JAN. 29

The fourth number of the 1922-23 faculty recital series of the college of music, I. W. C. will be given by Marguerite Palmer-Forrest, Soprano, Florence Kirby, pianist, and Olga Sapio, accompanist, music hall Monday evening, January 29, 8:15 o'clock.

It is needless to make comment on the artists who are to give the program as they have all been heard many times in Jacksonville in the last two or three years and the music lovers know that they may expect a well-balanced, and musically worth while program.

The public is cordially invited to be present. The program will be announced later in the week.

WHITE HALL LODGE

INSTALLS OFFICERS

White Hall, Jan. 17.—The new officers of White Hall camp, M. W. A., were installed Monday night by Beal Smith, and then was held an oyster supper feast. The new

officers are: Consul, George Spangenberg; adviser, Charles Long; banker, Roy Dugger; clerk, L. R. Winn; manager, J. H. Fox; sentry, Otis Sadder; watchman, Frank Ornellas. The local camp has a membership of 294.

Clean up on odd lots of children's hose, 2 pairs 25c. TOM DUFFNER'S

NOTICE OF MEETING.

Meeting of the Jacksonville Branch of Illinois Sportsman league in the Chamber of Commerce rooms Friday evening, January 19, at 7:30. All members urged to be present.

When we advertise a bargain you will always find it just as advertised. This week we have special sale on 3 lots of boys' suits, at TOMLINSON'S

Mrs. Franklin Knock has returned to her home in Washington, D. C., after a month's visit with her parents, Mr. and Mrs. Homer Cully on West College avenue.

Dr. and Mrs. F. M. Roberts of Chapin were business visitors in the city Wednesday.

FARM BUREAU

NOTES

European Corn Borer and Mexican Bean Weevil.—W. P. Flint, state entomologist has supplied us with specimens of the larvae of the two preceding insects. They may be found on the table in the Farm Bureau office. One of these pests is coming in from the south attacking soybean and the other from the east playing havoc with the corn.

Buy Clover Seed Early.—Last fall clover seed sold at \$8 and we advised our members to buy then instead of selling. It is now worth \$12 and the man that looks ahead had made 50 per cent on his investment. There are doubtless others who will still delay in the matter of buying clover seed and pay a high rate for the privilege.

Sale of Soybeans.—The farm bureau has recently received a large shipment of sacks to be used in sacking beans purchased for shipment to Ohio. The soybeans market has grown decidedly stronger, but there is not always a ready outlet for the surplus.

RED CROSS SECRETARY

ARRIVED YESTERDAY

Mrs. Katherine Sullivan of Milwaukee, Wis., arrived in the city yesterday to take up her work as executive secretary of the Morgan County Red Cross chapter. Mrs. Sullivan has been in Red Cross work since the closing of the war and has been engaged in work in different towns in the central division. She comes to Jacksonville from Northwestern Minnesota where she has held the position of Red Cross secretary from the central division offices in Chicago.

The local Red Cross office is very busy at this time aiding service men in filling out the Illinois Soldier bonus application blanks. At present the office has no blanks for the certified copy of discharge papers. However, a supply of these is expected before the end of the week and the work of completing the application blanks will only be held up for a few days.

PressSELLING TURNS
MARKET DOWNGRADE

CHICAGO, Jan. 17.—Selling
in which foreigners took the lead
turned the market decidedly
down grade today. With finan-
cial and economic considerations
receiving more notice than was
given to war talk prices closed
heavy. 7-8c to 1 7-8c net lower,
May 1 1/4 5-8 to 1 1/4 3-4 and
July 1 1/4 1-4 to 1 1/4 3-4 and
lost 1-4c to 1-2, oats 3-8 to 5-8c
and provisions 7 to 12c.

Pessimists regarding higher
prices took the ground that de-
clines in francs of late were equal
to about 3c a bushel in the value
of wheat.

It was also pointed out that Eu-
ropean quotations on grain failed
to reflect advances on this side of
the Atlantic, and that Argentine
wheat offerings to Liverpool
were reported larger, owing to a
cut in vessel rates and in ex-
change. Deadline of British debt
funding arrangements and sena-
te refusal to vote credits to fore-
ign buyers of foodstuffs were
mentioned as additional bearish
factors.

Profit-taking on the part of lo-
cals broadened out in the last
half of the day, price rallies mean-
while having been apparently due
to the main to transient demand
from shorts.

Offerings during the final hour
especially were quite urgent and
the market closed at the day's
lowest level.

Despite relative firmness due
to dwindling receipts, corn and
oats finally receded with wheat.
Bears put stress on figures show-
ing that the stock of corn here
was more than treble the amount
on December 1. Packers' selling
weakened provisions.

WHAT VOLCANOES MEAN TO THE HUMAN RACE

Is Subject of New Volume on Wonders of the "Valley of Ten Thousand Smokes."

WASHINGTON.—How much volcanoes mean in the lives of all human beings, even though they have never been within sight or hearing of one, is told in a new volume just issued by the National Geographic Society. The publication is the first complete summary of the findings of six expeditions sent to the region of Thousand Smokes in Alaska, by the Washington society, and of the results of several years' careful study of observations made by the expeditions.

The book, "The Valley of Ten Thousand Smokes," was written by Dr. Robert F. Griggs, of the Geographic Society, and contains a great fund of new information in this little developed field of science. Within recent years the fascination and romance of science have begun to capture popular imagination and this book adds a chapter to the wonder story of modern explorations and scientific study.

A tremendous volcanic upheaval that could blow from the top of a great mountain 40 times the amount of earth and rock dug out of the Isthmus of Panama to build the Panama Canal, leaving a hole large enough to contain all the buildings in 15 cities the size of New York, is worth studying. Such a cataclysm occurred when the top of Mt. Katmai was blown off in an eruption in 1912. Climatic effects circling the world resulted from the explosion, and the volume deals with these phenomena as well as those of the great seething steaming valley from which it derives its title.

In addition it describes the Alice-in-Wonderland phenomena in the wake of the eruption—such as a temporary gigantic river that cruised along the top of a ridge; of streams that shifted their courses; ash showers that formed great thermal blankets to preserve deep snow drifts; and a flood that had a million times the destructive power of the Johnstown dam-burst.

An amusing instance of the careful checking up of facts is related by Dr. Griggs who tells how a skeptical chemist, after learning of the proposed name for the valley, set out methodically to count the columns of hissing steam, for fear the name was an exaggeration.

He returned to camp to report soberly that the name had really been in error—the name he said, should have been the Valley of a Million Smokes.

Has Many Thrills
The volume is not a dry technical one, for thrills of personal adventures fill the pages. The explorer-author relates in matter of fact fashion how members of the parties walked over acres where a misstep would have plunged them to a parboiled death in the seething cauldrons of the valley, with the ver-present fear that a chance gust of wind might snuff out their lives with some gas that was more deadly, if less odorous, than those among which they advanced.

And yet, it is added, the region, now that it has been studied, would seem safer than a city street, for not a single member of the several parties was lost. Reports brought back so impressed the President of the United States that he immediately set it aside as a National Monument some day to become a park comparable only by the Yellowstone, and like nothing else on earth for its amazing wonders.

The writer, after apologizing for his necessary use of superlatives, admits the fear that he, like Jim Bridger who heard of the Yellowstone's marvels, might be set down as a Munchausen until

Center of French Religious Storms

The attention of religious France is centered now on the position of Bishop-Elect Adreot who broke with the Roman Catholic church to found the "French Official Catholic Church" and to marry Mlle. Lucia Delong. The rites and dogma of the Roman church are maintained but papal authority denied and members of clergy permitted to marry. Bishop Adreot and his wife are shown above.

UNDERGROUND STORAGE FOR COAL SUGGESTED

Director of Bureau of Mines Believes it Would be Practical Step Toward Getting Reserve Supply.

WASHINGTON.—Underground storage of coal at the mines is suggested by H. Foster Bain, Director of the United States Bureau of Mines, a practical step toward the accumulation of reserves of fuel necessary to stabilize industry and to protect the domestic consumer in periods of acute shortage.

The seasonal demand for coal to some extent met by storage Director Bain said in a report to the United States Coal Commission, but this must be done by the consumer or by some distribution agency operating between him and the mine. At the mines the best place to store coal is in the ground, as with unimportant exceptions it is not feasible to provide more than a limited amount of storage above ground.

Anthracite companies established near points of consumption a system of great storage piles which were valuable balance wheels to the trade and have facilitated steadiness of operation which distinguishes anthracite from bituminous mining. Dr. Bain said. Large scale storage of bituminous coal has been less practicable because the uncertainty of future price has deterred companies and individuals from making the necessary investments. However, in certain periods as much as 60,000,000 tons of this coal have actually gone into storage, showing the feasibility of storing soft coal.

With proper selection of the coal and due attention to modest requirements as to methods, it is entirely practicable to store large quantities of most coal at moderate cost, he continued. The risk is in the uncertainties of future price, as the mine and railway equipment of the country is extensive enough to allow the industry, except under unusual conditions, to obtain adequate supplies direct from the mines. Coal shortage and car shortage is a local matter in normal years. The nation has put men and money into coal mining and the railways to meet peak loads rather than provide a less amount of capital for coal storage and also insure steady and economical operation.

The possibility of devising a "use" classification that will permit wider pooling of coal is also suggested by the Director. Such pooling would relieve the pressure on docks, terminals and railway equipment, he declared.

NERVOUS WOMAN COMPLETE WRECK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Indianapolis, Ind.—"Now I want to tell you just what induced me to take your medicine. It seemed that I had some kind of weakness so that I could not carry a child its full time. The last time I was troubled this way I had a nervous breakdown and was a complete wreck. The doctor thought I would not live, and if I did that I would never be well and strong again. But I told him I was going to get well, that I was not going to die just then. My husband got me Lydia E. Pinkham's Vegetable Compound and I took six bottles of it. I soon got strong again and had three more children. I have recommended the Vegetable Compound ever since, and if you could see me now you would think I had always been well."—Mrs. MARY F. HERRICK, 234 Detroit St., Indianapolis, Ind.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers and should be taken during the entire period. It has a general effect to strengthen and tone up the entire reproductive system, so that it may work in every respect effectually, as nature intends.
